It's all about snow!

We celebrate our birthday!

SKI SCHOOL ARLBERG STANDS FOR TRADITION SINCE 1921/1922.

Since photos were in black and white, people have been making fresh trails in the Arlberg snow: Hannes Schneider, the most famous ski pioneer in the world, founded the Ski School Arlberg in 1921.

Today's Ski School Arlberg is a modern service provider.

Whether it's skiing, snowboarding, Children's World, cross-country skiing, on and off-piste guiding or Funsport, the Ski School Arlberg stands for optimal support and individual tuition.

Since the founding of the Arlberg Ski School some things have not changed to this day:
THAT IS OUR PASSION FOR SNOW SPORT!

With almost 380 locally and internationally qualified snow sport instructors, the Ski School Arlberg is the largest in Austria.

Welcome to the Ski School Arlberg.

Yours, Richard Walter

Head of the Ski School Arlberg

Dear parents,

Due to the current regulatory situation on COVID-19 and the associated conditions, unfortunately we are not in a position to offer a pure kindergarten service for our smallest guests during the 2021/22 season beyond the spectrum of ski lessons and supervision in the Kinderland.

We ask for your understanding of this decision, which we have made solely to ensure the highest possible safety for our youngest guests.

We are very confident that our full kindergarten programme will return in the winter season 2022/23 at the latest.
